Sustainability Survey
Assessing Campus Awareness, Literacy, and Habits Regarding Sustainability Issues

May 2011
Sustainability Survey Introduction

Survey Project Description
The CSB/SJU Office of Sustainability is interested in collecting data to help shape future campus sustainability programs and gauge the outcomes of the Year of Sustainability. This survey measures the current awareness, literacy, and habits of CSB/SJU students, employees and monastics regarding sustainability issues. The survey was conducted April 27th– May 6th, 2011.

Survey Methods
An on-line survey was sent to the 4,118 students, 1,162 employees and 260 monastics at CSB/SJU on April 27th and a reminder email was sent out by the Office of Sustainability on May 3rd, 2011. The survey was closed on May 6th, 2011.

Survey Response Rate and Sampling Error
847 students, employees and monastics completed the survey; thus, the survey had a 15% response rate. Based on population size and response rate, the survey has an error rate of ±3.1%.

Limitations
The survey is subject to self-selection bias (e.g., respondents with an interest in sustainability were more likely to notice the call for participation). As such, the survey results may not be representative of the entire student population.

Project Leadership
Br. Lewis Grobe, Sustainability Associate; Theo Eggermont, CSB/SJU Sustainability Fellow; Nicholas Moe, SJU Sustainability Fellow; Judy Purman, CSB Director of Sustainability; Tagonei Mharapara, Institutional Planning and Research

Key Survey Findings
• Majority of respondents find it important that CSB/SJU become a leader in sustainability and the environment
• Slightly less than half of the student respondents attended a Year of Sustainability event.
• 91% of student respondents use the Link as their primary mode of transport between campuses.
• Large majority of respondents expect to learn more about sustainability while at CSB/SJU.
• The Year of Sustainability brought a substantial increase in the awareness of the Offices of Sustainability on campus.
Who Completed the Survey?

- Number of CSB/SJU Students: 4,118
- Number of CSB/SJU Employees: 1,162
- Number of Monastics (w/ email): 260
- Total Number of Responses: 847 (15% Response Rate)
- Survey Period: April 27th – May 6th

I am a (an)

- Employee: 42%
- Monastic: 3%
- Student: 55%

At which campus are you primarily housed?

- SJU: 39%
- CSB: 61%

If you are a student, what is your class standing as of spring 2011?

- First Year: 25%
- Second Year: 28%
- Third Year: 19%
- Fourth Year: 26%
- Fifth Year: 1%
- Grad Student: 1%
Over 87% of Respondents Believe that Sustainability Encompasses More than Merely Being Environmentally Sound.

Q2. Sustainability means being economically viable and socially just as well as environmentally sound.

Large Majority of Respondents Expect to Learn More About Sustainability While at CSB/SJU.

Q3. I expect to learn more about sustainability during my time at CSB/SJU.
Over 82% of Respondents Find it Important that CSB/SJU Consider Using Renewable Energy.

CSB Students: 89% Important, 12% Neutral, 5% Unimportant, 2% Not important at all
SJU Students: 82% Important, 12% Neutral, 5% Unimportant, 2% Not important at all
CSB/SJU Employees: 92% Important, 12% Neutral, 5% Unimportant, 2% Not important at all

Q5. How important is it to you that CSB/SJU consider renewable energy sources for its energy needs?

An Increase of 6% of Respondents Learned More About Conservation During the Year of Sustainability

CSB Students: 2010 80%, 2011 85%, % Change 5%
SJU Students: 2010 70%, 2011 75%, % Change 5%
CSB/SJU Employees: 2010 80%, 2011 85%, % Change 5%

Q6. I have learned more about conservation practices since coming to CSB/SJU.
Over 2/3 of All Respondents Make Healthy Food Choices When Possible.

Q9. How often do you make healthy food choices when possible?

Over 80% of Respondents Usually or Always Turn Off Lights and Electronics When They Are Not Using Them.

Q9. How often do you turn off lights and electronics when not in use?
Q14. What is your primary method of transportation between Campuses?

Q15. I would be willing to pay a fee to make campus more sustainable.
The Year of Sustainability Brought a Substantial Increase in the Awareness of the Office of Sustainability on Campus.

Q16. How much do you know about the CSB/SJU Sustainability Office?

The Percentage of Students Who Have Calculated Their Personal Carbon Footprint Doubled During the Year of Sustainability

Q24. Have you calculated your personal carbon footprint?
Less Than Half of the Total Respondents Attended a “Year of Sustainability” Event

Q26. Did you attend any “Year of Sustainability” events?
