Use the extremely lightweight, yet powerful EUROPORT MPA40BT/MPA40BT-PRO PA system to stream songs from your Bluetooth-enabled iOS device at the next company picnic, or to get your message across on the playing field. With its 40-Watt amplifier and premium 2-way speaker systems, the iP40PRO provides superb sound—and the rechargeable battery lasts up to 12 hours. Add one or two of our ULM digital microphones, and you’ve got a supremely easy-to-use wireless, go-anywhere sound system on wheels!

Bluetooth Ready

The days of tape decks, CD players and even MP3 devices are long gone. Now your music lives on your phone or computer tablet, so you can stop searching for those outdated cables and fancy adapters. Now with a simple wave of your hand, you can stream music from any Bluetooth audio-equipped device such as your iPad, iPod touch, iPhone, even your laptop computer. Now, isn’t that easy?

Built-in Mixer & Wireless Option

Both models feature built-in 2-channel mixers with the same ultra-low noise, high-headroom mic preamps that have made BEHRINGER mixers legendary. Also included is 2-band equalizer, plus Bluetooth for streaming audio directly from your iOS device, and our proprietary ULM wireless technology. Sold separately, BEHRINGER ULM Series digital mics integrate seamlessly to expand your MPA40BT/MPA40BT-PRO system to handle virtually any live sound application.

Whether you set your MPA40BT/MPA40BT-PRO speaker on a table, or mount them on optional speaker stands, you’ll enjoy music streaming through this rich sounding, easy-to-setup system in mere moments.

See your BEHRINGER dealer, or order your EUROPORT MPA40BT/MPA40BT-PRO online today—and put a little more easy in your life.
