## COURSE DESCRIPTIONS

(Changes listed in red)

### ENVR 200E-01A: Women, Ecology & Development

Jean Lavigne

This course focuses on the writings of Dr. Vandana Shiva in preparation for her visit to campus in February as the Renaissance speaker. We will read Shiva's most famous book (*Stolen Harvest: The Hijacking of the Global Food Supply*) and her most recent one (*Staying Alive: Women, Ecology and Development*). We will also watch two documentaries in which she features prominently as an expert witness on issues of food and biotechnology, globalization, and development issues. The course is discussion based but will also require a final paper.

**Internships are restricted to students with Junior or Senior standing**
