

Avon Hills Initiative Executive Committee Meeting
September 5, 2007

Comp Plan

An e-mail has been sent. Please review and make suggestions on the language. There will be a meeting October 10th and another in November. Steve suggests being present at the meetings, and to have members of Collegeville and east Avon townships in attendance as well. We have received good feedback and support, so things are promising.

Film Update

If A Road Runs Through It

The documentary on the Avon Hills will premiere locally on October 28 at 7:30 p.m. All are welcome.

CapX Info Meetings

There may be an issue with a power corridor cutting through the Hills. Tom will attend a meeting and start gathering information.

Grants

LCCMR grant is progressing. We have deleted one item and added one other as suggested. Items involved are conservation easements and hiring an expert like Randall Arendt to review ordinances.

Reviewed Position Applications

Interviews for the position of Land Heritage Coordinator will take place in September.
